London, Jan. 7.—The sinking of a British submarine, the name of which was not given, near the island of Trelax, off the coast of Holland, is officially announced. The entire crew, numbering 33 men, was rescued by a Dutch cruiser and taken into the Dutch port of Helder.

RUSSIANS TAKE
NEW POSITION
AT CZARTORYSK

Austrians Are Said to Have Been Driven from the Cemetery—Vienna Statement Says Russian Attack Has Materially Lessened in Vigor.

London, Jan. 7.—According to official advices from Vienna, the fighting on the eastern front has decreased in violence, the Russians having ceased to attack with vigor between Tripet and the Besarabian frontier. The only gain officially announced for the Russians yesterday was at Czartorysk, the scene of many sanguinary struggles, where it is said the Austrians were driven from the cemetery.

Any advance in this region will threaten Kovel, one of the strongest Austro-German positions. It is believed that even though no further gain should be made the Russian forces have attained a position which will give the nation a degree of power in Balkan affairs that it has not had since its armies were driven back from the Carpathians.

The Teutonic allies still threaten to expel the French and British from their Macedonian positions, but no forward movement has been detected thus far in that direction.

Strong Turkish forces are said to be concentrating on the Thracian frontier of Greece and it is suggested that the Turks may attempt to make good some of the territorial losses they suffered during the Balkan wars.

Canton, China, (Thursday) Jan. 7.—One hundred armed men to-day attacked and looted a Chinese customs house at Knowloon. Further trouble is expected here at any time, as it is believed the rebels have corrupted the government troops. Dispatches from Shanghai say the authorities of the province of Szechuen have been advised of the withdrawal of Christian missionaries from the interior stations.

RAIDS IN LICENSE CITY.

Officers Broke Up Two Parties in Rutland Last Night.

Rutland, Jan. 7.—Two Italian card parties with copious refreshments of beer, in bottles and direct from the wood, were interrupted last night by a raiding party armed with search warrants issued by State's Attorney C. V. Poulin. As a result of the raids Joseph Foti of South street and Mrs. Alphonse Cioffi of Howe street passed the night in the county jail.

The raiding party included, besides State's Attorney Poulin, Deputy Sheriff Pascal Ricci, D. A. Barber of this city and P. H. Patton of West Rutland. As the Cioffi house ten foreigners were found playing cards and at this house bottles and mugs of beer on the tables. Two smaller kegs were found together with bottles of beer. Two other places were raided, but at neither place did the officers secure evidence which warranted an arrest.

Arthur E. Bugbee returned yesterday from a few days' visit in the northern part of the state.

CONSCRIPTION WINS
DECIDED TRIUMPH

Bill Passed First Reading in House of Commons by Vote of 403 to 105—Great Enthusiasm Shown.

London, Jan. 7.—Amid scenes of wild enthusiasm the House of Commons last night passed the first reading of the government bill for compulsory military service by the decisive vote of 403 to 105. The vote came shortly before midnight, with the galleries again packed, every seat on the floor of the House occupied, the ministerial benches filled, and an air of eager expectancy prevailing. The events of the day had increased the tension to a high pitch, notably the action of the labor congress and the quick sequel of the retirement of three labor members of the ministry.

A. J. Balfour, first lord of the admiralty, closed the debate in behalf of the government in a persuasive appeal of half an hour, which turned the tide of adversity that had been running steadily against the measures through the debate and the outside events of the day.

"Let this vote to-night show that we are united people," was his closing appeal. "Do not let us give a false impression to the world that in the moment of the country's gravest emergency we are divided one against the other. Abandon your abstract theories and remember we are dealing with stern realities which call for great sacrifices."

Then came the vote, which was taken amid eager interest as the members filed before the tellers. The announcement of the figures was received with a tremendous outburst of cheering.

Scores of members in kiaki waved their handkerchiefs, and the air was rent with white papers flying in triumph at the government's success.

Amid the demonstration, Premier Asquith, his face glowing with satisfaction, walked down the floor of the House to present the bill formally to the chamber. His appearance was the signal for a rapturous ovation.

An analysis of the vote showed that the government had held the great bulk of the liberal and conservative vote. The Irish nationalists had voted against the bill, but the Irish unionists supported the measure, and the O'Brienites took no part in the division.

The minority showed a sprinkling of liberal members, the most notable being John Burns, the former cabinet member. Mr. Balfour's closing speech was the one notable feature of the debate. He spoke with great earnestness, but with good natured confidence, which kept the members between applause and laughter.

This measure, he declared, was not designed to settle the military policy of Great Britain. It was for the present occasion and the present war.

AN APPEAL BY ELECTION.

May Follow Passing of Compulsory Service Bill.

London, Jan. 7.—The question on every lip at the political rendezvous clubs last night was whether the momentous events of the day had brought a general election within sight. An appeal to the country and a break-up of both the coalition government and the labor party are contingencies of the near future, and while the government has secured what in ordinary circumstances would be regarded as a satisfactory majority, 298, for its bill the defection of a large section of the labor party, with the loss of four members of the government, admittedly places the government in a critical condition, and many doubts are expressed that it will succeed in weathering the storm.

OF LINED PAN-AMERICAN PLAN.

President Wilson Explained Proposals to South and Central America.

Washington, D. C., Jan. 7.—The United States government's Pan-American policy was revealed in detail by President Wilson last night in an address before the second Pan-American scientific congress. He explained the proposals submitted to South and Central American diplomats here last week by Secretary Lansing as a basis for an effective agreement between all the republics of the western hemisphere, "not only for international peace of America, but the domestic peace of America."

This program, as outlined by the president, proposes that the American nations shall: Unite in guaranteeing to each other absolute political independence and territorial integrity. Agree to settle all pending boundary disputes as soon as possible by amicable process.

Agree to handle all disputes arising among them by patient, impartial investigation and to settle them by arbitration.

Agree that no revolutionary expedition shall be outfitted against, or supplies for revolutionists shipped to neighboring states.

"These are very practical suggestions," said the president, "and I for my part believe that they are going to lead the way to something that America has prayed for for many generations."

Expansion of Monroe Doctrine.

He said the Monroe doctrine always had been and always would be maintained by the United States on its own authority, but that the doctrine did not assume towards other nations of the hemisphere, and in consequence the other nations had been distrustful of it.

Enthusiastic applause from the delegates greeted the president's remarks. An excursion to Mount Vernon and the selection of Lima, Peru, as the meeting place for the next congress in 1921 occupied the delegates during the day.

KAISER CALLED MUCH BETTER.

Berlin Says Reports of His Serious Illness Were Unfounded.

Berlin, via London, Jan. 7.—It was once more reiterated to-day that the persistent stories concerning the serious illness of Emperor William and even of his death were absolutely unfounded and emanated from unreliable and irresponsible news sources outside of Germany.

The emperor is recovering rapidly from a minor illness and has been out recently.

In Statement That No Warning Was Given to the Steamship Persia

21 SURVIVORS WERE PUT ON OATH

Austro-Hungarian Government Important of Case Till Thursday

Washington, D. C., Jan. 7.—Consul Garreis at Alexandria, Egypt, to-day advised the state department that he had secured affidavits from 21 survivors of the steamship Persia, including Charles H. Grant, an American citizen, and that all confirmed the previous statements that no warning was given and no vessel was seen.

The Austro-Hungarian government until yesterday was without information concerning the sinking of the Persia, according to a dispatch to-day to the state department from Ambassador Penfield at Vienna.

The officers and crew of the Persia, Consul Garreis said, have left Alexandria for England, where their affidavits probably will be obtained.

The annual meeting and election of officers of the Apollo club for the year ensuing was held last evening in the club's rooms in the Langdon block. The officers chosen follow: Dr. K. L. Cleaves, president; Henry Carroll, vice-president; James T. Sabie, secretary; Claire Templeton, treasurer; board of managers, Harry Shurtliff, Stanley Jayne, Fred Wilson, Harry Hull and George Anderson. With the exception of the vice-president the officers were filled by the same members last year. One new member, Orville N. Kew, was admitted to membership. The date for the next pool, billiard and whist tournament with Vincita club of Barre will be fixed soon and will probably be held the last of the month.

The Capital City Bowling league season was opened last evening at the School street alleys by the Clerks defeating the Spanish-Italians three straight games, capturing all four points, and a league record was broken in the second game when the winning team topped the pins for a total of 541. Last year's best mark was 529, set up in the last game. Perry was high single-strung man with 128 and Reames, with 300, captured the three-string total honors.

The score: Clerks. Perry 90 128 74—292 Richards 97 112 80—289 Martin 91 91 90—272 Reames 88 120 92—300 Hackwell 102 90 106—298

The Independents-Tenney game, which was scheduled for the other alleys, was postponed until Saturday evening because of the Tenney bowlers being engaged in repair work.

Richard Morehouse, arrested Wednesday evening on a warrant issued by Grand Juror Theriault, charging him with intoxication, appeared in city court late yesterday afternoon before Judge Harvey and paid a fine of \$5 and costs amounting with the fine to \$12.37. Morehouse, it was alleged, had been making a disturbance for several days at his home on East Liberty street.

In probate court to-day Herbert L. Houghton of Cabot settled his account as administrator of the estate of Mary L. Houghton, late of Cabot.

The condition of J. O. W. Galais, who submitted to an operation at Heston hospital several days ago, is improving. Transporting two big transformers from the Graniteville sub-station to this city, one of the Tenney company teams in charge of Myron Hill tipped over near the Valley View farm on the Barre road late yesterday afternoon, causing some delay to the traction company's cars and making much extra labor for the company employees. The sleigh turned turtle alongside of use car track so that the transformers, which have been replaced at Graniteville by larger ones, landed squarely on the track. The trolley company sent out a third car as soon as the carmen employees were made aware of the trouble and passengers were carried by the transformers.

The race committee of the Capital City Driving club met last evening. The board of Trade rooms in the city hall and arranged for the following classes for the first meet of the season on the river, providing, however, that the city council looks unfavorably upon the petition presented by F. J. Marshall and others to prohibit the scraping of the ice: Green race, with a blanket, bells and a whip for the prizes; colt race, four years old or younger, same prizes; 2:25 class, with a purse of \$25. The committee also adopted a plan to circulate a petition asking the council to allow the scraping of the ice as in years past and this will be presented next Wednesday evening. It is possible that there will not be time to prepare the course for Saturday, but in that event, if scraping is allowed, the meet will occur probably the following Wednesday.

Before Referee Thierstein a hearing was held to-day in the matter of the I. H. Rowell claim against the estate of L. A. Flint.

MAPLE SUGAR MEN
AT BRATTLEBORO

Listen to Suggestions of Various Speakers and Hear That Membership of Association is Being Kept Up.

Brattleboro, Jan. 7.—With an attendance of about 75, the Vermont Maple Sugar Makers' association opened its 23d annual meeting here last night. It will continue through to-night, with addresses and business sessions in the Brooks house and an exhibition of maple products and sugar-making utensils in Festival hall. This is the first meeting the association ever held in Brattleboro. President Horton D. Walker of the Brattleboro Board of Trade made the address of welcome, to which George W. Soule of Fairfield responded. Mr. Walker urged the sugar makers to advertise constantly and never to put the Vermont label on anything that was not of the highest quality.

State Commissioner of Agriculture E. S. Brigham of St. Albans gave an address on "Building Up a Market for Vermont's Maple Products," and State Forester Asa F. Hovey of Burlington gave a stereoscopic lecture on "Utilization of the Sugar Maple."

After the address of the president, A. A. Carleton of West Newbury, this morning, a prominent feature of the program was the report of the secretary, H. B. Chapin of Middlesex. Mr. Chapin said the organization was the result of a suggestion made by C. D. Whitman of Brattleboro at the Vermont Dairymen's association meeting in Morrisville 23 years ago. He thought it fitting to come to the home town of him who might properly be regarded as the father of the association.

During the year just ended there were 341 paid members. This is more than double the number two years ago and nearly double the number of a year ago. One man in the northern part of the state added 70 to the membership roll. Approximately 50,000 of the association sugar and syrup labels were sent out in the year 1915.

"One suggestion I would like to make along the line of educating producers," he improved methods of production of a fine line of goods," said Mr. Chapin in closing, "is that the state or government, through the university extension service, establish in some favorable location, possibly in some of the state forest preserves, a maple sugar school, or perhaps several such schools in different places, fully equipped with all modern appliances and with competent instructors, that the various problems that confront the maple makers may be explained and illustrated as the day's problem."

The importance of the industry would seem to warrant such action."

Addresses on "Co-operative Marketing of Maple Products," by V. I. Spear of Randolph, and "Raising the Quality, Lowering the Total Production and Increasing the Total Output of Maple Goods," by L. E. Cook of Cambridge closed the morning session.

WARNING TO "HYPHENS."

To Revere America First or Get Off the Face of the Earth.

New York, Jan. 7.—An invitation to "hyphenated citizens" who put the interests of their native country before those of America to "get off the face of the earth" was issued here yesterday by United States Judge Henry Clayton of Alabama. Judge Clayton's remarks were made in addressing the grand jury which was empaneled to resume the investigation into the activity of German agents in this country.

"You gentlemen," he said, "are entering upon your duties as American citizens. If any of you have had the misfortune to be born in a foreign country I hope that you can truthfully say now that you love America more than the land of your birth. I have no sympathy with any naturalized citizen who is given to carrying criticism of his government or who cannot say that he loves America first, last and forever. If any citizen has come here from another country to evade military service let him not criticize our institutions here. If he desires to do so let him get off the face of the earth or go back and fight for the country from whence he came."

"We do not care what foreigners or foreign nations think of our methods of government. At present we are doing our best to carry out the precepts of the great father of our country, George Washington, by keeping our minds strictly on our own business and avoiding entangling alliances or by meddling in the affairs of European nations."

The grand jurors will continue the inquiry into strikes in munitions plants and explosions in factories and shipyards, which has already resulted in the indictment of Congressman Frank Buchanan of Illinois and seven others.

DIED AT HIS DESK.

Charles M. Knapp, New York Newspaper Man, Had Apoplexy.

New York, Jan. 7.—Charles Melbourne Knapp, formerly editor and publisher of the St. Louis Republic, who became treasurer of the New York Times company last month, died of apoplexy yesterday afternoon while seated at his desk in his office in the Times building. Less than ten minutes before he had been in conversation with associates and apparently was in the best of health. Mr. Knapp, who was 68 years old, had been connected for 48 years with the St. Louis Republic, which was owned by his father, and his uncle before he succeeded them in control of the property. Announcement of his retirement from that paper was made on December 24 last.

The case of Mitchell Gossard of Lanesboro vs. George W. Heath of Walden, general assumpsit, has been entered. The amount sued for is \$700.

SETTLED OUT OF COURT.

Breach of Promise Action of Lyndonville Parties.

St. Johnsbury, Jan. 7.—The breach of promise suit of Agnes McGovern vs. Edward Riley, which was to have been tried at the present term of Caledonia county court, has been settled out of court. The plaintiff, who is a school teacher at Lyndonville, sued for \$7,000, the defendant being cashier of a bank in Lyndonville.

TALK OF THE TOWN

James Signorilli, a clerk employed in the Red Cross pharmacy, received a letter this morning from Dr. Lucio Andreola, a former Barre physician, who left the city last October to join a party of Italian reservists sailing from New York for Italy. At present Dr. Andreola is attending a clinic at the University of Naples, where the Italian government has assembled a number of medical men with the idea of giving them special training for duty at the front. The course is to last several weeks, according to Dr. Andreola's letter, and at the end of the training period each doctor is to proceed to join the colors with rank of a lieutenant.

ELEVATOR
TOOK A LIFE

Wright A. Chesley, 20, Was Fatally Injured in the St. Johnsbury Postoffice

WAS A CARRIER ON R. F. D. ROUTE

It Is Supposed Young Man Pulled Wrong Rope and Elevator Shot Up

St. Johnsbury, Jan. 7.—Wright A. Chesley, aged 20, a rural mail carrier, was fatally crushed in the elevator at the postoffice this morning just as he was starting out to deliver mail on his route. He died an hour after being released and taken to his home.

The accident happened at 8 o'clock and Chesley was alone on the floor of the postoffice at the time. The suggestion is that he reached through the door of the elevator cage, thinking to go to the basement and there start out on his route, and that he pulled the wrong rope, resulting in the elevator shooting upward. Chesley was caught by the elevator cage and carried upward and against the floor above with great force.

The victim's groans were heard by Assistant Postmaster Walter Kellogg who investigated and found the body wedged over the elevator cage. As soon as the man was removed he was taken to his home on Lafayette street and Dr. W. J. Aldrich was called. The injured man was then unconscious but he regained consciousness and talked a short time with his relatives, but soon sank to death.

He was the son of Mr. and Mrs. Harry A. Chesley and leaves, besides his parents, one sister, Hazel M. Chesley. He had been working as regular carrier during the past year, succeeding his father in the service. Prior to that the young man had been a substitute. He was a graduate of St. Johnsbury academy and was greatly interested in athletics.

Funeral services will be held in St. Monica's church Sunday afternoon at 2 o'clock, the pastor, Rev. P. M. McKenna, officiating. It is requested that flowers be omitted.

BURIAL AT WEST TOPSHAM.

The remains will be brought to Barre over the Central Vermont railroad late this afternoon and taken to the mortuary chapel of A. W. Badger & Co., where they will repose until to-morrow. Funeral services will be held in the church at West Topsham Sunday afternoon at 1 o'clock and interment will be made in the village cemetery.

Mrs. Thurston was born Diana Wells in West Topsham about 80 years ago. Her husband, Almon Thurston, died in Barre in 1910, and shortly afterward the widow went to Somerville to reside. She is survived by three daughters, Mrs. Edson Blanchard, Mrs. Walter Metzger of Somerville, and Mrs. Frank Snow of Birmingham, Mass.

One to Get Salary Money, Other for Boarding Another Employee.

Harman yesterday by Attorneys H. W. Moloney and John S. Dorsey, who appear for the plaintiff. Service of the paper was accepted by Attorney E. H. Edgerton, counsel for the company.

The plaintiff seeks to recover a total amount of \$1,415, which is divided into two items, one for the work, labor, measuring and surveying of timber, and the other of \$200, which is for a year and a half's board for one man.

"JACKS" IN JAIL.

Came from the Woods to See the Sights in Barre.

The compelling call of the "settlements" is luring many woodsmen out of the lumber camps these days and here in central Vermont most of those who are arrested in the Central Vermont yard by Chief Sinclair yesterday, pleaded guilty before Magistrate H. W. Scott in city court this morning and went to jail for 10 days. The woods in Warren were represented to-day by Thomas Kennedy, who was arrested by Officer John W. Dineen last night, and Peter Rowan, who was a shuck crook in Granville until he left the woods a week ago, was arrested last night by Officer Dineen. Both Kennedy and Rowan went to jail, pleading guilty to intoxication charges.

PLEASANT DANCING PARTY

Given by Ladies of the Universalist Church Last Evening.

The annual dance given by the ladies of the Universalist church in Howland hall last evening was well attended, 75 couples being on the floor and many more present who bought concert tickets only. The hall was decorated with varicolored lights, with special decoration of evergreens and crepe paper for the stage. Card tables were placed in the corners for those who did not desire to dance, and a refreshment booth, presided over by the ladies, was well patronized.

Before the dancing began a short concert program was given, consisting of selections by the orchestra, Highland dancing by Miss Gertrude Thompson; tenor solos by Louis Baine of Montpelier; and alto solos by Mrs. Isabelle Cantley Hall. Professor Wheaton accompanied the soloists.

At the close of the concert the floor was cleared and dancing to music furnished by Carroll's orchestra was enjoyed until midnight. Old-fashioned dances and leap-year dances were introduced from time to time among the newer steps.

The committee in charge of the affair consisted of Mrs. C. C. Kenyon, Mrs. C. W. Steele, Mrs. A. E. Campbell, Miss Gertrude Slayton and Miss Glynora Gould. Mrs. Harry McNeil had charge of the punch and wafer booth and was assisted by Misses Shirley McNeil, Rachel Hollister and Marjorie Love. VERDICT OF \$687.80 WAS AFFIRMED

In Case of Florence Ford Rogers vs. John W. W. Bigelow, Trespass—Case Coming from Orange County Court.

By taking final adjournment just before 10 o'clock this forenoon, the Vermont supreme court established a record for a short January term, having been in session less than four full days, during which time but three cases were argued, the cases being State vs. James Watson Webb, State vs. Lucy Weston and State vs. Wesley North.

Court devoted yesterday afternoon to going over the entire docket and many cases which have been pending for many terms were finally disposed of by entries of settled and discontinued or dismissed. The brief term augurs well for a busy February term and it is believed that attorneys who were not prepared to argue their cases listed for hearing this term will be ready so that business will not be held up.

This morning before adjournment was taken an entry of judgment affirmed without costs in the highest court case of New York City, brought by Elmer W. Russell of this city, was filed in the office of County Clerk H. A. Harman yesterday by Attorneys H. W. Moloney and John S. Dorsey, who appear for the plaintiff. Service of the paper was accepted by Attorney E. H. Edgerton, counsel for the company.

The plaintiff seeks to recover a total amount of \$1,415, which is divided into two items, one for the work, labor, measuring and surveying of timber, and the other of \$200, which is for a year and a half's board for one man.
